2Email

Key Vocabulary

Attachment

A computer file sent with an email.

Digital footprint

The information about a person that exists on the Internet as a result of their online activity.

Email

Messages distributed by electronic means from one computer user to one or more people.

Filter

A feature of search engines, where a user can filter results according to criteria. For example, news, date published.

Internet

A way to send information from one computer to another anywhere in the world using technology such as phones, satellites and radio links.

Personal information

This is information that is personal to someone. For example, their favourite food, their name and age.

Private information

This is personal information that should be kept secure. For example, their date of birth, their full address, credit card numbers.

Search

Look for information (in a database or the World Wide Web) using a search engine.

Secure

Users online should take steps to help keep their personal and private information secure.

Sharing

Post or repost (something) on a website.

Key Questions

Why is a search bar useful?

The search bar on Purple Mash or on a website helps the user to quickly find the resources they are looking for.

What is an email?

An email is a way of sending messages electronically from one device to another. An email can have items such as pictures and videos attached to it.

What is meant by my Digital Footprint?

A digital footprint is a term used to describe the traces of yourself that you leave online. With every website you visit, you leave a trail or footprint showing that you've been there.
