

Home Learning

Hello to all our families- We hope you are staying safe and happy with your families. We are missing you all and we thank you so much for engaging with school as generously as you are.

To help with home learning we will now provide a theme for the week (see below) with a list of suggested activities for you to **choose** from which incorporate many areas of the wider curriculum. It may well be that you have different ideas instead which will be greatly welcomed. Please choose activities that most engage your child/ children and yourselves! Do not choose something that is too difficult to resource or manage. Should you wish to share any of your activities/outcomes you are more than welcome to take a photograph and send it to our Twitter account. @StAnnesCP

Be reassured that taking your child for a walk and taking time to take in the beauty of God's world is **very valuable** learning. This will not be recorded on a worksheet but will stay as a precious memory and promote a restful nights sleep!

Please be assured we do not expect any families to print off worksheets/resources. Work with what you have at home and most importantly stay safe.

Summer Term WB: 27.04.20

RE

Praying Together

How lovely it would be if at 9am every morning we all join with our families in saying the Morning Offering:

Oh my God I give to you,

All that I think and say and do.

All my work and happy play

I offer to you my God today.

Amen.

By doing this, although we can't be together physically, we will be together as a school family in prayer.

Seasons

These are suggested activities- please feel free to create your own to suit your own family.

Suggested activities

Go for a 'nature' walk looking at how the world has changed since Winter. Take a photograph of your favourite observations.

Make the most of the sunshine by 'inventing' outside activities/races/games etc. (You might choose to write a list of instructions to share your game on Twitter, so your friends can have a go! Year 6 would be the first to play!)

Make four seasonal drawings using chalk on your path/drive.

Plant some seeds in a pot or in the garden – remember to look after it every day!

Create a fact file on each season.

Cook or bake something using seasonal produce.

Find out about seasons/weathers in April across the world.

Design a holiday brochure for a seasonal holiday.

Find out about seasonal sports.

Learn the order of the months of the year and relate calendar months to the appropriate season.

Use a compass APP on a phone and track the movement of the sun across the sky (make sure you don't look directly at the sun though to protect your eyes).

Make a collage using natural materials such as seeds, blossom, leaves etc.

Make an observational drawing of a flower, or a tree etc using a pencil add shading techniques if you have learnt these at school.

Write a poem about the weather, or the seasons or lockdown in the sun! Or make up a song or a rap – add some sound effects!

Create a summer picture and dedicate it to the NHS to go in your window.

Make a birthday card for Captain Tom and decorate it with a seasonal picture. These can be sent electronically using #makeacardforTom.

Purple Mash Remember to check your **2Dos on Purple Mash** - these will support your work in **Maths and English**. As well as this week's themed topic of **Seasons**, you may wish to select a couple of these "2Dos": Draw a typical Spring scene and write a poem about Winter turning to Spring.

Storytime

We are all very excited to be spending storytime with you all and this week we will be reading 'Millions' by Frank Cottrell Boyce.

Please follow our Twitter page and if you would like to share work with us, please include our twitter link

@StAnnesCP in your tweet.

If you have any queries about learning and logins, please contact our year group email. s83year6@st-annes.solihull.sch.uk

You can also use this to share your children's work and activities ie a photo of baking a cake via this year group email

If you have any queries about other matters, please continue to use Parent Mail - parentmail@st-annes.solihull.sch.uk

Thank you for all of your hard work

PSHE

Letting your family know that you love them.

Showing your family members that you care about them can be as simple as thanking them for making you laugh or spending time with you.

This week wouldn't it be lovely if you could think of something to do or say to each member of your family that will let them know that you love them.

P.E.

Don't forget to keep active and move regularly throughout the day. Use your dedicated exercise time to go for walks with your family, a bike ride or one of these activities:
