Wednesday 1st July

Mild- Read the questions and identify the right answer.

1. Does the dog belong to the family? How do you know that?

Yes because he is with them.

☐

No, because the mum is saying "whose dog is it anyway?"

☒

2. What is the dog doing?

The dog is being playful.

☐

The dog is shaking water off himself.

☒

3. How do you know that?

I know this because he is smiling and wagging his tail.

☐

I know this because he is standing in a puddle of water.

☒

4. What are the family doing? How do you know?

They look like they are having a picnic on the beach because you can see food and they're in their costumes.

5. Think of a question about the picture:

Your own question

Medium-

Who is playing in the garden?

Jasmin, her Mum and her cat called cat were playing in the garden.

What did the cat do?

The cat climbed the tree and got stuck.

Label each picture, Use the story to help you.

tree

girl

ladder

What might the cat do next?

This question can have a variety of answers, but what we are looking for is appropriate interpretation of the question rather than the text.

I think the cat might run and climb up the other tree after the bird.

What do you like to do in the garden?

Children's own answer.

My Answer- I like planting flowers in my garden.

Medium/ spicy

Hedgehogs **Answers**

1. Name two places hedgehogs can live.
Any of the following two places: cities, towns, railway land, parks and/or gardens.
2. What are hoglets?
Hoglets are baby hedgehogs.
3. Why would a gardener want to have a hedgehog in their garden?
A gardener would want a hedgehog in their garden because they eat slugs that can damage their plants.
4. Why do you think the author says you should leave a saucer of water out for them 'especially in the summer months'?
You should leave a saucer of water out 'especially in the summer months' because it can get hot and the hedgehogs will need a drink.
5. What does the hedgehog use to frighten off its enemies?
The hedgehog uses its spikes to frighten off its enemies.
6. Why should you not use slug pellets in the garden?
You should not use slug pellets in the garden because hedgehogs might eat them or the dead slugs and then could die because the pellets can make the hedgehog very poorly.
7. Where do hedgehogs like to nest?
Hedgehogs like to nest in piles of leaves.
8. What would you expect a hedgehog to be doing at the beginning of March?
I would expect a hedgehog to be hibernating (sleeping) at the beginning of March.
