RE- Wednesday Word (available in RE tab in home learning)

Enjoy a quiet moment reading the Gospel and praying to God.

Light a candle at home with your family. Take a moment to listen to some reflective, calming music. Think back to a time when you were sad, scared, lonely or afraid. Close your eyes or look into the candle flame. Think about who you go to when they you have a worry? Who listens to you and supports you? Watch the video "Footprints".

<http://www.youtube.com/watch?v=Qw4oqDeWTvo> God is always with us in our time of need and we can always turn to Him in times of worry, change, growth, sadness as well as all of our happy times. God loves us more than we could ever imagine.

Theme for the week ...Transition

Ask your child to think about what makes them special. What makes them different to other people? Using an old shoe box, make a 'Special About Me' box. Your child could collect items from around the house that represent their personality such as a paintbrush, a storybook or a pair of dance shoes. Alternatively, your child could carefully cut out pictures from magazines or draw pictures to represent their individual qualities. Talk about the importance of being unique together.

Read or listen to the story 'Giraffes Can't Dance' [here](#). Talk about how Gerald the giraffe showed determination when trying to achieve his goals. Ask your child what they are looking forward to most about their new class, what they would like to get better at and what they would like to learn about. Then discuss all of the things that will help your child get ready for their new year group.

Goal setting will also help your child to improve their confidence and self-esteem when they see that they can achieve the target they've set. Create a 'Wheel of Fortune' together Use the headings: Learning, Friendships, Physical Challenge, Wellbeing and Family. Under each heading, ask your child to write a goal thinking carefully about how long it will take to achieve each goal, who or what can help them and any difficulties they may have to overcome

Reflect on what makes them proud. Ask your child to think about their proudest academic achievements and their proudest achievements outside of the classroom too. After discussing your child's accomplishments, ask them to choose one. Work together to design and create an achievement medal. Do this by cutting a piece of cardboard into a circle or star shape, painting it gold or sticking shiny paper to it. Write the number one on the medal and add string or ribbon. Why not have a ceremony and present the medal to your child?

Over the last year, your child will have created many memories that they will cherish forever. Capture these memories in a fun way by asking your child to create a 'Memory Jar'. Using coloured paper ask your child to draw or write down their favourite memories. They can use different colours to show different categories of memory e.g. blue for friendship, yellow for teachers, red for favourite lessons. Use a jam jar or a plastic bottle to collect their memories; they could even personalise their jar with decoration. Alternatively capture these memories in a fun way by asking your child to create a drawing or painting.

A new year is also a great time to make new friends. Can your child create a poster that illustrates top tips for making friends and showing kindness?
